Secretary

TRANSPORTATION WAIVER

I realize that my son/daughter's activity either practices or plays their home games off school grounds. I understand then that all the athletes have to be transported to these sites in some fashion.

Due to budgetary concerns, at this point I understand that this is the responsibility of each individual athlete and his/her family.

No member of our family will hold the Ken-Ton Union Free School District, or any employee of, liable for injuries occurring while students are going to, or coming from, practice or their home games.

I understand that the coach is not responsible for how each athlete is transported. This may result in students either walking a short distance, or being transported by another student. These situations require my child to assume some risk and protect the driver from negligence claims in situations where an "act of God" or an unforeseeable danger existed.
