

## Permission for Student Photographs, Interviews and Recordings

The Kenmore-Town of Tonawanda UFSD provides parents with the opportunity to have their children excluded from interviews, photographs and recordings that are used in school and District communications such as the District newsletter, slideshows, news releases, the District website and Facebook page and publications, and by outside media outlets.

At any time, parents who previously chose to have their children excluded from school and District communications may change their preference either indefinitely or only for a specific purpose by filling out this form. *Note: You only have to fill out this form if you previously requested to have your child excluded from District communications by filling out the "Exclusion from Student Photographs, Interviews and Recordings" form.*
