

Lightning Leaders at Franklin Elementary

Franklin Elementary faculty and staff are working together to create, promote, and maintain a safe environment for students.

We have established a positive behavior program. This school wide program is research based and is designed to recognize students for appropriate behaviors.

Every student at Franklin Elementary pledges to **BE SAFE, BE RESPECTFUL, and BE RESPONSIBLE** to be **LIGHTNING LEADERS**. Appropriate behavior is acknowledged with praise, rewards, and celebrations.

Parents' Guide to PBIS at
Franklin Elementary

What is PBIS?

PBIS stands for **Positive Behavior Interventions and Supports** and is an approach to school wide discipline. With PBIS, students are clearly taught the expectations and procedures for the school as a whole.

Through clear instructions and lessons the students learn what kind of behavior is and isn't appropriate in each location of the school.

Lightning Leaders are recognized for good behavior and decision making. This program is enforced school wide by every member of the faculty and staff, including administration, custodial staff, cafeteria staff, teachers, and all support staff at Franklin Elementary.
