Shadow Days

KW & KE Students Visit Big Picture

We had two students come to visit the Big Picture Program recently. One student from Kenmore West and one student from Kenmore East. These students were encouraged to visit our program to see how we “do school differently.” The purpose of the Shadow Day is to allow a student that is recommended to the Big Picture Program to make an informed decision about if this is the right fit for them. The only way to truly understand Big Picture is to visit the program and spend the day with us!

School Spirit Week

Big Picture Students Showing Their Pride

This week and next week are School Spirit Weeks at Big Picture! 401 student Zia Bouthillier proposed the idea of have School Spirit Weeks as a way for Big Picture students to show their pride. The idea was proposed on the very first day of school. Zia was given the green light to plan and implement the Spirit Weeks. She started with choosing the days. She decided to make the even last for two weeks as many of our students are at internships on Tuesdays and Thursdays. This allowed for six dress-up days to be planned.

Zia collected several ideas for dress-up day themes and presented them to administration. The list included over 20 ideas. The entire Big Picture family was then asked to vote on their favorite themes. The themes with the most votes were then selected for the School Spirit Weeks. This week we had Twin Day on Monday, Decades Day on Wednesday, and Gender Swap Day on Friday. Next week we have Cartoon Day on Monday, Class Colors Day on Wednesday, and Zombie Day on Friday.

It has been great to see students dressing up and sharing their School Spirit!
