One student at a time.

Cleveland Rocks!

401 students take a Senior Trip to Cleveland

Karen Monaco, 401 Advisor, planned a Senior Trip for our 401 students to celebrate their four years at Big Picture and their upcoming graduation from high school. The 401 students visited the city of Cleveland for a fun-filled day. The trip started with the 3 hour drive to Cleveland at 6:00 AM. The first stop was at the Cleveland Zoo. Students toured the zoo and were able to see elephants, giraffes, wallaroos and a camel. In fact, Mrs. Phillips, Teacher Aide, and Melissa Bevilacqua actually rode a camel at the zoo!

Our next stop was the Rock and Roll Hall of Fame. Students and faculty toured the museum and soaked in the history of rock and roll. Some of the bands that have been inducted were new to the students and some were very familiar. The students could be heard talking about the artifacts in the museum throughout the tour.

We finished the trip with a nice dinner at a restaurant that also has a bowling alley. Several students had never bowled before and had so much fun competing with each other and the faculty. It was a great trip for everyone that made it!

Senior Spotlight

**Veronica
Hernandez**

Veronica has been very busy this year! She is painting an original mural to be displayed in the Big Picture hallway for her Senior Project. This aligns with her internship at Holmes Elementary where she has worked the past two years with Art Teacher Mrs. Schaefer.

Next year, Veronica will attend SUNY Erie for Early Childhood Development.

CLEVELAND ROCKS!
