### Gateway Interviews for 201s

201 students take a big step in the Big Picture Program

The 201 Advisory has reached a milestone in their Big Picture Program journey. Each 201 student must successfully complete a Gateway Interview at the end of the school year. The Gateway Interview is a chance for each student to reflect on their first two years in the program and how they have achieved success with each of the Big Picture Distinguishers. These distinguishers include being a responsible and independent learner, learning through internships and being an active member of their advisory and the Big Picture Program.

Each 201 student met with Stacy Pritchard, 201 Advisor, Anne Blenk, Program Coordinator and Kevin Kruger, Program Principal to discuss the Big Picture Program and review evidence and artifacts of work completed over the past two years. The students were given a checklist of materials to prepare along with some guidance on the process.

It is impressive to see how students can pull together their work and speak to what they have learned and reflect on their growth since starting the program. Yet another example of how Big Picture is all about one student at a time.

### Senior Spotlight

**Saniah Lynch**

Saniah's Senior Project centers on donating care items to Compass House for residents in need. Saniah hand made string bags and filled them with toiletries and essentials she was able to get donated through a [donorschoose.org](https://www.donorschoose.org) campaign. The total donation was approximately \$500!

Saniah has been accepted at SUNY Erie and plans to study History in her post-secondary schooling.
